TO OPEN CAMPAIGN AT BURLINGTON

Our Town

By J. B. White

An example of successful operation under a code of fair competition is afforded by the leather industry, which last year was described as having suffered severely from the depression. In declaring with evident pride that "the achievements have been eminently satisfactory", a report to the National Recovery Administration from the Tanners' Council of America lays claim to having "demonstrated a complete fulfillment of both the letter and the spirit" of their code during a period of six months.

Factory employment alone, the report states, stood at 50,082 at the end of February, 1934, "or slightly higher than the average for the year 1929." Hours of work per week were 37.8. If they had worked at the 1929 rate of 47.6 hours per week, since production was at about the same level, there would have been required 39,771 employees. Thus, the Council points out, "the code has added 10,311 to factory pay rolls."

"As far as weekly earnings are concerned," the report continues, "the index in the cost of living fell from the 1929 average of 170.8 to 136 in February 1934, a decline of 20.4 per cent. Weekly earnings for males in factories in February amounted to $21.60, an increase of $3.96 over April 1, 1933, and $3.15, or 12.7 per cent less than in 1929, and weekly earnings for female factory workers amounted to $14.28, an increase of $3.34 over April 1, 1933, and the same as in 1929. Thus purchasing power of all factory workers in the leather trade was greater than in 1929." The total annual increase in the pay rolls amounts to $13,896,740.

Administration of the entire leather industry if affected through a general planning committee, composed of the chairman of the various subdivisional administrative groups. In the event complaint of code violation is made by one firm against another in the same subdivision, a summary court is formed immediately by three members of the committee who represent subdivisions other than the ones affected and a decision binding on all parties to the controversy is rendered. In the 8 months the code has been in effect, according to an announcement by NRA, only two instances of labor complaints in the entire industry were reported and both were speedily adjusted within the industry itself.

This report, covering the normally peak period and also the normally slack season in the trade, illustrates what is being accomplished by employers toward restoration of buying power through relief of their workers and also the comparative ease with which industries can and do govern themselves.

J. W. Fisher In Race For Representative

HOMER NABOURS ASKS RE-ELECTION AS CLERK

Homer Nabours, county clerk for Milam county, is a candidate for re-election to that office, subject to the Democratic Primary election to be held on Saturday July 28, 1934.

In making his announcement to the readers of The Herald and to all the people, Mr. Nabours expresses his deep appreciation to the people of the county for their support in electing him to the office and in asking for another term, he is glad to submit to them his record of efficient and faithful service.

Born and reared in Milam county, the son of pioneer parents who early settled in this section of Texas, Mr. Nabours, is well known in all sections of the county and his popularity has been increased by reason of his service in this office.

When he came to the service of the people in this office he made improvements in the service and has maintained a high standard of excellency in all departments of the business. As clerk of the court he has co-operated in every way with the officials and has often run the business of the office at personal loss in order to keep faith with the people who elected him and to maintain the traditions of faithful public service.

The office of County Clerk is an important public trust. In the nature of the work many records must be kept. Every transaction of the peo-

Average Cameronite Spend $375 A Year In the Shops Here

Residents of Cameron and vicinity spend approximately $375 per person in the retail stores and shops here each year according to an estimate made by the Chicago Wholesale Market Council.

The State of Texas' total retail trade of more than two billion dollars per year is equal to about two-thirds of the volume of wholesale trade of Chicago, whose wholesale Market District, lying just west of the famous "Loop," is considered one of the greatest in the world.

The study which revealed the figures was made by the newly formed Wholesale Council to determine how best to meet the needs of retail merchants who depend largely upon Chicago wholesalers for goods to stock their shelves for Texas purchasers.

Hamilton's Girl

This is Mary O'Dare alias Mary Pitts, alias Mary Campbell, and alleged girl friend and companion of Raymond Hamilton, desperado from West Dallas. Mary was caught in Amarillo when officers laid a trap to catch Hamilton. She is pictured here at the Dallas jail.

THELSTON A. FORD IS BURIED LITTLE RIVER

In the death of Thelston A. Ford, 53, Milam county lost a worthy citizen and a much loved man, who was born and reared in Milam county and died within a short distance of his birth place.

Mr. Ford was born near Baileyville and had spent his life in that community. He had been in ill health for several months, but was thought to be much improved and was on his farm in company with his son, Whitman, looking after his farm interests when he was suddenly attacked with heart trouble and died before aid could be rendered, Wednesday April 25 at 11 o'clock.

Mr. Ford was a man who always

MEMBERSHIP CANVAS FOR COMMERCIAL CLUB

Monday afternoon the committee from the Commercial Club will canvas the business districts for enlistment. The membership campaign was arranged at the Monday night meeting.

Plans call for a number of committees. The city has been divided into sections and one committee will be assigned to each division. J. R. Hays, chairman of the committee on publicity, has an announcement in this issue of both Cameron papers.

The Commercial Club is responsible for every major public advance in recent years. The slogan now is forward with Cameron and a solid support and co-operation of the club.

It is important that the business men and individuals lend their co-operation by joining the club and give support to its officers.

L. B. FIKES ANNOUNCES FOR COUNTY TREASURER

L. B. Fikes, County Treasurer for Milam County, is a candidate for re-election to that place in the government, subject to action of the Democratic Primary to be held on Saturday July 28, 1934.

The announcement of his candidacy for re-election through the columns of The Herald, will be received with interest by the large family of readers, and the people of the county. His friends over the county have his thanks for their support of him and he wishes to extend his thanks to all the great number who have pledged their support in his campaign for re-election this year.

In announcing for re-election, Mr. Fikes is glad to submit to the people his record of service in this office. He has kept his pledge to the people and at all times he has given close personal supervision to all details of his office, retaining the service of efficient employes and operating the

Paint Time Says Geo. A. Thomas & Sons Store Here

It's Paint Time says an advertisement from Geo. A. Thomas & Sons Drug Store. This pioneer store is selling Sherwin-Williams Paints and Varnishes. Proof that quality is the cheapest in the long run is true of Sherwin-Williams, says the store.

A large stock of paints and varnishes has been received for the spring demand. Depression years, now being forgotten, the demand will be large.

Completes 15th Year Southwestern Agent

S. E. Brogdon has completed his 15th year as representative of the Southwestern Life Insurance Company in Cameron and his 6th year with an average of one application a week for insurance.

This remarkable record is bringing to Mr. Brogdon the congratulations and well wishes of friends. He has placed a large volume of insurance for Southwestern and the Company has made frequent favorable comment upon his work.

For the first time in the history of Milam county an official schedule of speaking dates has been arranged for the Democratic candidates.

The program of the dates will be under the auspices of the Democratic Executive Committee for Milam county and are to be announced in the near future.

This action resulted from a conference held in Cameron Tuesday afternoon between the candidates and J. B. White, Chairman of the Democratic Executive Committee.

The only speaking date announced at the meeting Tuesday was the campaign opening at Burlington on Friday May 18.

Not more than 15 speaking dates will be conducted by the Committee. These will be so distributed over the county that all the voters will be reached with the official program.

It will be necessary for the County chairman to contact the communities in which these meetings are to be held so that arrangements may be made to entertain the candidates and so that churches or other organizations may provide for the sale

BUSINESS WOMAN TO GIVE PLAY MAY 8TH

"Come Out of the Kitchen," Ruth Chatterton's starring vehicle presented for one year's continuous run at the George M. Cohan Theatre, in New York City, is to be given at the High School auditorium May 8th at 8 p. m.

The play takes place in the Daingerfield's mansion in Virginia. The Daingerfield children, during the absence of their parents, decide to rent the old house to a Yankee, who stipulates that he must have white servants. The servants fail to show up at the appointed time and the aristocratic children take over their jobs and can they buttle and cook?

The complications arising from this sort of situation make up the play.

The critics of the play say it is far superior to "Seventeen" which so charmed the audience year before last with its pathos and heartbreak.

Dorothy Blaylock, as the charming Olivia Daingerfield and later as Jane Ellen the Irish cook, gives a wonderful performance with Nelson Green as Burton Crane, the "Mr. Yankee Man" as he is called by old Black Mandy."

The proceeds of the play go to the Student Loan Fund sponsored by the Busines & Professional Women's Club of Cameron.. Admission will be 10c and 25c

The "Weaker" Sex

The careers of two of the three kidnapers of C. M. Kella of Fort Worth came to an abrupt halt when they were confronted by this woman, Mrs. Doc McKee, wife of a filling station operator at Winfield, Texas. Kella was imprisoned in the turtle of the car. Mrs. McKee heard him move, got her gun, and stopped the whole devilish business right there, rescuing Kella from his stuffy prison and capturing two of his captors. (Texas News Photos.)

65,780 ACRES RENTED TO U. S. BY FARMERS

Milam county farmers signed 2485 cotton acreage reduction contracts for the years 1934 and 1935.

Total acres rented to the Government in these contracts 65,780.

These contracts were tabulated in the county agent's office and sent to the State Board of Review about March 28th.

The State Board of Review informed us a few days later that our contracts had 7,500 bales of cotton more than the county grew. Therefore the contracts had to be reduced to conform to the State Board of Review figures.

So by the help of the County Committeemen, County Committee and the efficient office help the job was completed April 28 and Milam county cotton contracts were sent by express to C. A. Cobb, Cotton Section, Washington, D. C.

We understand that Milam county was the 12th county in the State certified by the State Board of Review.

Milam county farmers should be getting their first half of their rental money the latter part of May.

Geo. Banzhaf, County Agent.

LONG HERDING JOB TO END THIS YEAR

Canada Moving Herd of 2,500 Deer to Feed Eskimos.

Ottawa.—The longest and toughest "herding" job in history, a "drive" of 2,500 reindeer along the Arctic coast from Alaska to new grazing grounds at the mouth of the Mackenzie river, is to be completed by Christmas, the Department of the Interior has just been advised.

A dozen herders undertook the task at Christmas time of 1929, and expected to complete it in two years. At Christmas of this year, the time now set for the completion of the icy journey, the time spent will have been a full five years. The trek began from the Buckland river valley, Alaska.

Purchased by the Canadian government from the Lomer Bros. corporation in Alaska, the herd is being moved to its new home to supply food and skins for the Eskimo population which numbers about 4,600. Native game is becoming scarce.

The reindeer herders, according to departmental accounts, have put in four and one-half exacting and exciting years in marshaling their charges. They have had to fight off wolves which constantly have attacked the herd; they have had to contend with sickness and accidents among their own numbers as well as in the deer herd; they have had to foot it through icy wilderness and tangled scrub, over glare ice and treacherous snowy hummocks. And, most provoking perhaps of all handicaps, they have had to contend with the homing instincts of the animals, and their repeated tactics of doubling back on their tracks.

The first year's efforts demonstrated that progress had to be discontinued from March to November because of the fawning season and impossibility of the youngsters navigating swollen rivers. This year the herd and herders got within 70 miles of their goal, when it was planned to push ahead day and night and put an end to the job. Blizzards, however, swept the ice bare of snow and the animals could not get footing; finally the whole herd stampeded back to Shingle Point after a score of miles of progress.

So the herders and their proteges are going to summer at Shingle Point and about December 1 commence the final dash to their objective. If things go well all will eat their Christmas dinner at their new home.

English Woman Walking Around World on a Bet

Montreal.—Mrs. W. Chaworth-Musters, widow of a British ship captain, who is walking around the world without money on a bet, arrived here recently on her way across Canada and the United States.

She already has walked round England, and after a short stay here she proposes going to New York by rail and walking from there to Chicago and out to the coast.

Her itinerary will take her across the United States and Canada in easy stages, then south to Mexico and South America, across to Honolulu and onward through the Far East, India, Africa, and Europe.

Under the terms of her wager, her stay at any place is limited to 12 days. There is a clause which stipulates that "hospitality, transport over land and sea, food and lodging can be offered and accepted and when desired reasonable services can be rendered in exchange." The wager is for $2,500.

Onion Skin Wine Loses Its French Copyright

Montpellier, France.—After weeks of deliberation the court of Montpellier has handed down a decision in a suit over "onion skin," a popular skin of wine.

"Peluure d'onion" takes its name from the color of the wine after it has been aged, a tint resembling that of the outer skin of an onion.

For hundreds of years Frenchmen have been producing and drinking "onion skin" wine in various parts of southern France. Recently one grower hit upon the idea of copyrighting the name. The copyright was accepted, whereupon the grower sued a neighbor, also a producer of "onion skin" wine, for infringement of his trademark.

The neighbor contended that onion skin is a type of wine and not a particular vintage. The court upheld his contention.

Feeds Six Ducks; Brings Thousands

Winnipeg.—Raids of swarms of wild ducks, estimated to number at least 3,000, are causing great trouble to farmers in the vicinity of Rocky Mountain House, Alberta.

Lacking sufficient natural feed, owing to unusual conditions in the five-mile area of spring-fed marsh at the heads of Raven and Clear creeks, they are ravaging farmers' barnyards and stealing food laid out for cattle and poultry.

This situation is confirmation of the Biblical prophecy that bread cast upon the waters shall come back several-fold. Seven years ago a farmer, one Budden, fed three pairs of wild ducks over winter. Next year a larger flock came back to the vicinity and the number has increased each year, indicating that news has a way of getting around in birdland.

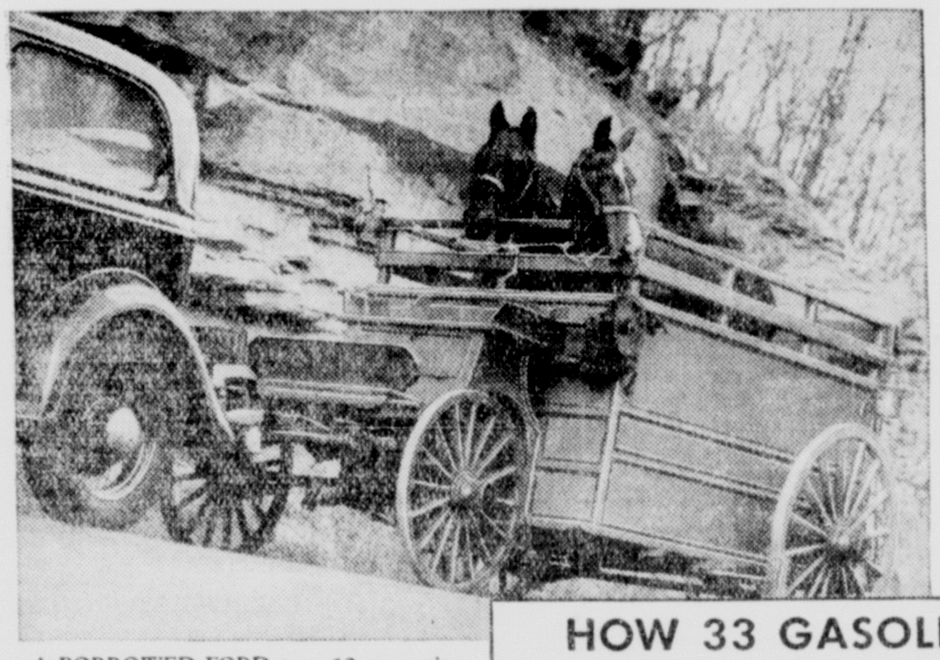
GULF WINS MORE "HILL TESTS" THAN 32 GASOLINES COMBINED



A BORROWED FORD tests 12 competing gasolines on Muldrough Hill, near West Point, Ky., to see which gas can pull the car and 3500-lb. load farthest up hill in high gear.

Will your car have more power on any *one* gasoline? HERE'S YOUR ANSWER..

Gulf tested a total of 33 gasolines on famous American hills—12 hills in localities from Massachusetts to Georgia—and here is what they found...

The power of different gasolines varies widely! And of all 33 gasolines, Gulf is *uniformly best*. 7 out of 12 times, it propelled a car and load up mountain grades farther than any other gasoline tested!

It won more hill tests than *32 other gasolines combined!* Prove it! Drive into a Gulf station, fill up, and test the power of That Good Gulf for yourself!

HOW 33 GASOLINES RANKED (IN ALL TESTS TO DATE)

All gasolines tested, except a few "third grade" brands, sold for approximately the same price as That Good Gulf. Each brand is denoted by a letter.

NABOURS

(Continued from page 1)

ple's business through the county government must pass through this office. Mr. Nabours has been able to maintain excellent service without any burden to the taxpayers and his office will show a good example of what may be accomplished by applying business methods to the business of the people.

Mr. Nabours has been courteous and kind to all the people. He has been willing and ready at all times to serve. He has employed efficient help and courtesy has been the watchword to all who come to this important office. Through long years of business experience and practical knowledge of things, Mr. Nabours is well equipped to discharge the duties of the office and has the enthusiastic support and good wishes of the people of the county.

In the coming campaign Mr. Nabours is co-operating to the fullest extent with other Democrats and the Democratic Executive Committee to improve campaign methods and to see that all the people are reached by the program. Mr. Nabours is a Democrat, has never shown any disloyalty to the cause of his party and presents to the people an ideal type of party representative in this office.

Mr. Nabours will appreciate your vote and influence. He will make as active campaign as duties of office will permit. He believes he must get the job done and is always on the job. Friends in all sections of the county thus receive his greetings and assurance that anything they may do in his behalf will be greatly appreciated.

Side Quit Hurting, Got Stronger, Well; CARDUI Helped Her

WOMEN! Get rid of the handicaps of a weak, debilitated condition with the assistance of Cardui.

Mrs. R. L. West, of Huntsville, Ala., writes: "I was weak and run-down. I had a pain in my side, and I kept losing weight. I grew nervous over my condition — this was unusual for me, for I am very cheerful when I am well and don't easily get nervous. I knew I ought to take something. My aunt told me I ought to try Cardui, which I did. I began to feel better. I kept it up until I had taken three or four bottles. My side quit hurting and I was soon feeling strong and well."

Cardui is sold at drug stores here.

FIKES

(Continued from page 1)

office at a minimum cost to the tax payers. Mr. Fikes was born nad reared in Milam County. He needs no introduction to the people. In politics his position as a Democrat is too well known to need any stress. He has always been a Democrat and given aid and support to its platforms and to its candidates and its running for re-election as a Democrat.

When he came to the service of the people several years ago in this office, he pledged them an efficient service. He had at that time well defined plans to improve the service of this office and his subsequent record proves that he has served well and in the important supervision over the funds of the county, he has been most considerate at all times.

Mr. Fikes is co-operating with the Democratic Executive Committee in the program of dates for candidate speakings. Due to his physical condition, he cannot make as active campaign as he would like to make. He esteems his friends and if possible he would spend much time with them. A cripple for many years, he nevertheless has an unusual record. Undaunted by this handicap, he has earned his way and has worked for the people in this office and appreciates their support.

Having brought to the office qualifications that enable him to render distinct service he enjoys a record that has been successively approved by the people. Based upon this faithful performance of duty and his need for this office, he asks the people to re-elect him. His many friends over the county have his sincere thanks for their already voluminous support and he pledges the people to render a service commensurate with the responsibility.

SYMPHONY CLUB

Miss Arnett Ryan and Mrs. Thos. Haynie were joint hostesses to the Cameron Symphony Club Wednesday afternoon at four o'clock, at the home of the former.

The president of the club, Miss Helen Flinn presided over a short business session. Miss Emma Pearl Clement was leader of the program.

Subject of the program study was "Greig's Life and His Compositions." An interesting program was rendered during the afternoon. This was followed with a social hour.

PRESBYTERIAN AUXILIARY

A business session was held by the president of the Presbyterian Auxiliary, Mrs. Will Ford, Monday afternoon at the church. Mrs. Judd Davis brought the devotional. Regular routine of business was held. At this time reports from the delegates to the Presbyterial that met last week in Waco, was read. Mrs. Eugene Muse and Mrs. O. C. Acrey were delegates.

HIGH SCHOOL FIELD DAY

High School Field Day will be celebrated at Baylor College, Belton, May 12. All Senior High girls in District No. 15, who are planning to attend some college next year, are cordially invited to be present. The senior girls of the Yoe High school will be guests of the Baptist W. M. S. and Baylor College. Those wishing to go will please notify Mrs. John L. Denson.

HOME AGENT SPENDS BUSY MONTH IN APRIl

The monthly report just filed by Miss Bertha Fae Strange, Home Demonstration Agent for Milam County, with the Commissioners Court, reveals a record of unusual achievement for the month.

The work in Milam county has expanded until it touches every phase of home life and Miss Strange has an ambitious and beneficial program and is receiving splendid co-operation from all clubs in the county.

The month was climaxed with the Dramatic tournament held in Cameron on Saturday April 28 in which fourteen Clubs gave plays. Bethlehem won the honors and this play will be given in Rockdale at the annual rally day on the third Friday in June.

Co-operative work was done in Falls county where a recreational school was held in Lott.

The report shows that Miss Strange traveled 1164 miles and attended 23 meetings with 21 different demonstrations held. They included among others, insect control, bread making and pickling. Seventeen days were spent in the field and 6 days in the office with two days spent outside the county. She made 42 farm and home visits. In home improvements furniture has been made and much painting and house remodeling done. Bed room contests are to close the latter part of May.

Food products come in for a large share of the work in canning and preserving and curing of meats. Fruit trees were set out in many sections of the county and orchards and flower plots begun. Cuttings from native shrubs make up a large part of the settings.

The recreational program which provides rural entertainment and trains rural dwellers in the arts of preparing programs may be said to be among the most beneficial phases of the work for the month.

BUSINESS WOMEN

A May Day theme was featured at the meeting of the Business and Professional Women's Club Tuesday evening. A tall May Pole was improvised with yellow and green ribbons, club colors, being used in the dance. A delightful luncheon was enjoyed.

Concluding the evening a short business session was held by the president at the club rooms. During the session a nominating committee was appointed by the president to submit names at the next month's meeting, to be voted on for officers for the next year.

Mrs. Cora Cammer was hostess for the evening, and Mrs. Gladys Watson had charge of the program.

EPISCOPAL CHURCH

Episcopal Church service next Sunday will be Holy Communion at 11 o'clock. The Women's Thanks offering will be made at this time.

The Study of the Life of Christ will be led by Rev. J. P. Love at 3:30 Monday afternoon.

of suppers or refreshments as they may desire. No community is obligated to provide anything in the nature of an entertainment but inasmuch as this has been the custom, it will be welcomed by the Committee and the candidates.

With this schedule the old methods of every night dates for speakings will be eliminated. Candidates will not speak at any place not scheduled by the committee. Any candidate will be at liberty to make their own speaking engagements if they deem it necessary.

The people are requested to cooperate with the Committee and the candidates and not make entertainment programs until they have consulted with the committe chairman, if they expect candidates to make their accustomed announcements.

In July two speaking dates each week will be scheduled it is planned. The closing date of the campaign will be Friday night July 27 at Cameron, an old custom in campaigns.

Candidates, under agreement, will not be expected to contribute to fund raising schemes of any nature, although each candidate is free to follow his own personal inclinations in these matters, but the people are asked not to increase the burden of these candidates by imposing these opportunities.

Full co-operation is expected in the program. It will place the campaign on a systematic basis heretofore unrealized in the county. The Democratic Chairman will introduce the candidates at each of the speaking dates.

BAPTIST W. M. U.

The women of the Baptist W. M. U. will meet in circles next Monday afternoon at 3:30. Lottie Moon Circle will meet with Mrs. Gus Evans. The church will be the meeting place for Lillie Mae Hundley group. Mrs. E. A. Flinn will be hostess to the Eunice Taylor Glass circle.

The women are requested to bring their gifts for the Waco Hospital to the circle meetings.

FORD

(Continued from page 1)

stood for the betterment of his country and community and was ever ready to help those in need or in distress. He lived a life of a quiet, dignified country gentleman, and was much loved by all who knew him. He had followed the pursuits of farming and had made a success.

The funeral was held Thursday morning at 10 o'clock at the family residence with interment in Little River cemetery in the family burial lot. Rev. Ben Goodman of McGregor cousin of the deceased, was assisted by the Baptist pastor in the funeral services, and the Masons had charge of the services at the grave. Mr. Ford had been a member of the church since the age of 14 and had been a loyal member of the Masonic Lodge for a number of years.

Nicholson and McInnis undertakers of Rosebud had charge of funeral arrangements.

Surviving him are his wife, Mrs. Leslie Whitman Ford; six children, Mrs. Alex Crawford of Dallas; Mrs. Lucille McClelland of Waco; Mrs. Frank Cheeves of Cameron, Whitman, Bob and Ted Ford of Baileyville.

The funeral was attended by friends from all over the county and many out in surrounding towns. A large number attended from Cameron.

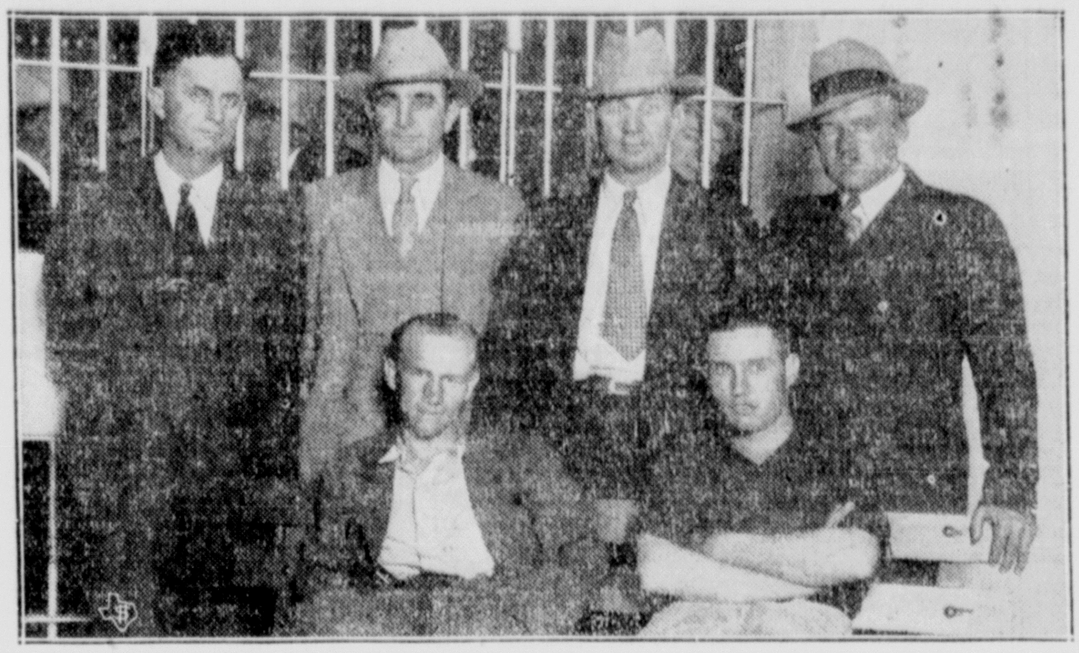
Texas Bad Boys and Sherman Officers Who Nabbed Them



Raymond Hamilton, who already has 263 years to serve in the penitentiary, and his companion, T. R. Brooks, are pictured here with the officers who captured them after they robbed the bank at Lewisville, Texas. Seated are Hamilton (left) and Brooks. Standing, from left to right are: Deputy Sheriffs Roy McDaniel and Collier Yeary, Sheriff J. Benton Davis and Dr. John T. Nall, all of Sherman. The men standing forced Hamilton and Brooks to drive into the curb on the main street of Howe, Texas, and effected their capture without resistance. Just at that moment all hell could have "popped loose" and this would have been a different story. (Texas News Photos.)

DIRT ABSORBED FROM THE AIR SO CONTAMINATED THE OIL IN A MOTOR IN AN AUTOMOBILE EXHIBIT THAT THE OIL MUST BE CHANGED REGULARLY THOUGH THE OIL IS NOT WORN AT ALL!

(1) One of the larger automobile manufacturers controls the temperature so perfectly in its painting process that extremes of temperature from 70 degrees to 230 degrees exist within one foot of each other with nothing to separate them except a curtain of air. (2) This car of English design is so arranged that the back can be extended to form sleeping quarters in the rear of the car. (3) The motor in this exhibit does not actually operate but is merely turned over very slowly by an electric motor. In spite of the fact that there is no wear on the oil, the oil must be changed regularly due to dirt absorbed from the air.

Troop 52 Boy Scouts Hold Meeting Friday and Make New Plans

Troop 52 opened the scout meeting Friday night singing "Pink Pajamas." After the boys had dressed they hiked to the highest peaks in song land in "Hiking to Victory."

As a matter of business, Senior Patrol leader C. W. Gjedde read a message asking 52 to co-operate with the State of Texas in helping them plant Blue Bonnets along the State highways.

In the patrol meetings new patrol officers were elected. George Matocha, patrol leader of the X's, made his farewell speech, and Edward Schiller was initiated into the office. His assistants are Jimmie Stanislaw and Wilbur Sutter. Rudolph Michalka left the Fox in charge of Johnny Stanislaw and his assistant, Boles Matocha.

What do Boy Scouts like to do? The X and Fox patrols want a summer camp, an overnight hike at least once a month, a softball team, and a forty two party, or play, etc, as that money can be made to buy uniforms for the troop.

After making comments on the Council-wide Jamboree at Temple on the 28th, the friendly enemies tangled in a series of games including Dragon's Tail, Antelope Race, Running Relay and Bicycle Relay, the X winning the last three and drawing into a tie with the Fox each patrol having 313 points.

The meeting closed with everyone repeating the Scout Oath and Law together.

The idea originating with the Fox Patrol of Troop 52 is being used to decorate official documents issued by the Heart of Texas Council.. It counties included in the Heart of Texas enclosing the map of all the counties included in the Heart of Texas Council. The Fox had this design in rope on their knot board. A heart was constructed on a wooden map of Texas and the counties placinside of it in rope. The knot board is now hanging in the K. of C. hall.

Mrs. Rush Phillips and Mrs. W. H. Veasey of Rockdale spent Saturday in Cameron and attended the dramatic tournament at the Yoe High School.

KNIGHTS OF COLUMBUS DEFEAT MARLOW SUN.

The K. of C. team defeated the Marlow Meteors 6 to 3 Sunday before a small crowd at Cameron.

Happy Storey, obtaining a bit of help from the Marlow team in the South Milam League, brought his team to Cameron to play the K. of C. team on their sand lot. Storey pitched good ball for six innings but retired then in favor of Jack Hobson who turned the mound over to Bill Worcester after the eighth inning. Worcester hit a tripple for Marlow in the sixth inning and scored on Bell's hit toward center field.

Ted Matula led the K. of C. bat attack with a double but died on second as the next two batters flied out to third and left field. Ladis Matula pitched great ball. He struck out 13, and singled in the second inning to score Matocha and give his team a two run lead.

This year the K. of C. team is a Catholic boys team composed largely of Scouts. They expect to play other Parish teams such as Caldwell, Bryan, Granger and others, besides playing with several local teams such as Marlow. Manager Rudolph Richter who works at the Coca-Cola plant, attends to all business such as game matching, etc. In the near future the K. of C. team expects to have a game with the Burlington Parish.

ANNIE STALLWORTH IS ON CENTENIAL BOARD

Miss Annie Stallworth, president of the Business & Professional Women's Club, has just been appointed a member of the Centenial Advisory Board. She is on the Milam county selection for the Centennial to be held in 1936.

This appointment comes from Senator Poage of Waco, Flotorial Representative Jesse James and Representative Emory B. Camp, of Rockdale.

The Texas Centennial Bill passed by the Forty-Third Legislature provided that each senator and each Representative shall appoint two persons from each of their respective counties as members of the Centennial Advisory Board.

This honor came as a complete surprise to Miss Stallworth and her friends are pleased to know she will accept the appointment.

Miss Stallworth has been an active member of the Business & Professional Women's Club of Cameron. She has also served the State Federation of the B. & P. W. Club as State Treasurer.

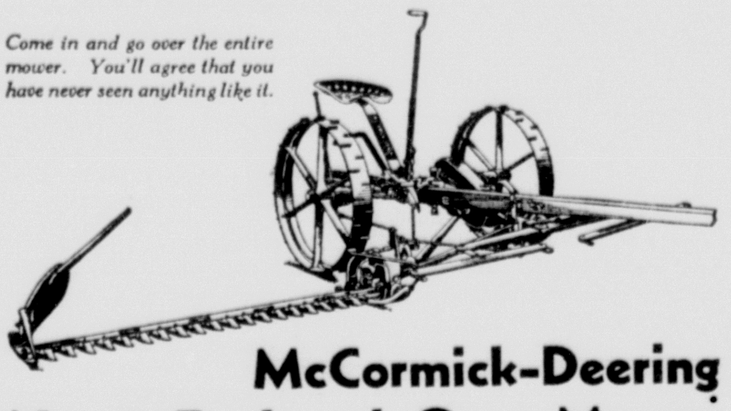
This is the New Mower the Crowds Admired at A Century of Progress Last Year

Come in and go over the entire mower. You'll agree that you have never seen anything like it.



McCormick-Deering No. 7 Enclosed-Gear Mower

WE are anxious to have all of our friends see the New McCormick-Deering No. 7 Enclosed-Gear Mower. We think it is one of the finest pieces of farm equipment we have ever sold!

Everybody who has seen it says they never had any idea that a mower could be built as this one is.

For example: The entire operating mechanism, including drive gears, differential, and countershafts, is assembled compactly in an oil-tight gear housing and runs in a bath of oil. There are four high-grade roller bearings. Operation is so smooth and noiseless that you can scarcely hear the light hum of the sickle!

Special oil seals at the ends of the main axle and flywheel shaft, and the oil-tight gear box prevent leakage and protect all working parts against the entrance of dirt and other abrasive materials. Floating action of cutter bar provides ample play without disturbing knife registration.

Marlin Bank Reopens; No Depositor Loses

Here is a scene at the re-opening of the Marlin National Bank, Falls county's largest bank, which recently renewed business without a single one of the 4,200 depositors losing a cent, and with no restrictions on accounts. In the picture, left is J. Bab Lewis, new chairman of the board of directors. Behind the cage is C. A. McCoy, vice-president. Dr. W. S. Smith, president of the Marlin Chamber of Commerce, is shown making the first deposit when the bank re-opened, and at right is Cecil R. Glass mayor of Marlin (Texas News Photos.)

Home Food Products To Aid Students In Colleges of Texas

A college education from the pantry is now a new opportunity being offered boys and girls of our state. A number of boys and girls unable to pay regular room and board at College in addition to tuition and incidental expenses are in a position to bring much of the food products and house furnishings and equipment from home.

Several colleges in the state are offering these opportunities, and have indicated their interest in the plan by providing housekeeping arrangements that will permit the use of food and products brought from home.

A suggestive canning budget has been worked out which may be secured from the home demonstration agent. Those interested in making plans for the school year of 1934-35 should begin at once, by registering in the County Agent's office. Further information may be had on request.

Mrs. Seth Corley of Buckholts visited in Cameron.

Science says Today use a LIQUID Laxative

If you want to GET RID of Constipation worries—

Any hospital offers evidence of the harm done by harsh laxatives that drain the system, weaken the bowel muscles, and in some cases even affect the liver and kidneys.

A doctor will tell you that the unwise choice of laxatives is a common cause of chronic constipation.

Fortunately, the public is fast returning to the use of laxatives in *liquid form*.

A properly prepared liquid laxative brings a perfect movement. There is no discomfort at the time and no weakness after. You don't have to take "a double dose" a day or two later.

In buying any laxative, *always read the label*. Not the *claims*, but the *contents*. If it contains one doubtful drug, don't take it.

Dr. Caldwell's Syrup Pepsin is a prescriptional preparation in which there are no mineral drugs. Its ingredients are on the label. By using it, you avoid danger of bowel strain. You can keep the bowels regular, and comfortable; you can make constipated spells as rare as colds.

The liquid test:

This test has proved to many men and women that their trouble was not "weak bowels," but strong cathartics:

First. Select a good liquid laxative. 2. Take the dose you find is suited to your system. 3. Gradually reduce the dose until bowels are moving regularly without any need of stimulation.

Syrup pepsin has the highest standing among liquid laxatives, and is the one generally used. It contains senna, a *natural* laxative which is perfectly safe for the youngest child. Your druggist has Dr. Caldwell's Syrup Pepsin.

AD HALL

Mr. and Mrs. Will Horelica were given a surprise by their children on their 25th wedding anniversary Saturday night April 21 with the help of their many friends. The surprise was arranged without any suspicion until the crowd gathered at their home about 7:30 o'clock. Both Mr. and Mrs. Horelica were truly overtaken by the surprise. About a hundred and fifty people gathered to enjoy the evening with them. The house was soon arranged for the party. Dancing, forty-two and Bunko games were enjoyed. Refreshments were served later in the night, which consisted of kolaces, sandwiches, cakes, cookies and orange tea. After the refreshments, Mr. and Mrs. Horelica was led before a table stacked with many nice and beautiful gifts from their friends. Everyone must have enjoyed the party, for it did not end until "three o'clock in the morning."

Mr. and Mrs. W. A. Allison, Mr. and Mrs. Ted Harris of Cameron were guests of Mr. and Mrs. W. C. Hudson of Hanover.

Mrs. W. A. Alston of Ad Hall; Ted Harris, Miss Shipp of Cameron went to Waco Wednesday to be at the bedside of Mrs. Alston's father who is sick at the home of her brother, Mr. John Hudson of that city.

Miss Annie Hample of Ad Hall, Mr. Hugo Boedeker of Cameron went to Waco Sunday.

Mr. and Mrs. G. G. McDonald and family visited Mr. and Mrs. Jim Foster and family in Cameron recently

Those attending the dramatic tournament at Yoe High school in Cameron Saturday were Mrs. Sam Lawhon, Mrs. W. A. Alston, Miss Agnes Horelica, Miss Annie Hample.

Mr. J. O. Hughes, superintendent of the Ad Hall school gave his pupils a picnic at the river bridge recently.

AD HALL H. D. CLUB

The Home Demonstration Club of Ad Hall met at the home of Mrs. W. A. Alston Friday, April 27 at 2 p. m. Subject: "Preserve the Spirit of Giving." Gifts from the yard by Mrs. D. K. Hall. Cut flowers make a nice gift; a rooted plants in painted jars or cans; seed from your own yard in pretty little bags and also bulbs of different varities

Miss Maurine Scarborough gave a talk on ideas for Mother's Day gifts.

As we all know Mother's Day is just around the corner and I am sure we have more or less worried just what the gift is this time. There are so many useful and attractive gifts that are not so expensive and so many that we have at our finger tips which we have not yet discovered. I am giving you an idea which perhaps you will pass on. There are flowers and candy. Why not give flowers from your own yards with or in attractive vases. There are all kinds of bottles and jars you can make by the use of bright color paper and paint. Make different kinds of candy and put in pretty boxes and wrap with attractive paper; nesting cup, mixing bowls, pictures, dishes of all sorts, canned goods, etc.

Why not take a look in your scrap bag, cup towels, pot holders, dish mats, luncheon cloths, guest towels, pillows, handkerchiefs, laundry bags, handkerchief bags, rag rugs, hooked or plated rugs, pictures with Mother's Day verses.

Eleven members were present and one visitor, Mrs. G. G. McDonald.

Our next meeting will be with Mrs. Frank Marak on May 18. Subject, Beautifying the Pantry. Miss Strange will give a demonstration on canning vegetables. The public is invited to attend.

Take a Pinch of BLACK-DRAUGHT For *Distress After Meals*

He had suffered distress after meals, but by taking Thedford's Black-Draught he was relieved of this trouble, writes Mr. Jess Higgins, of Dawsonville, Ga.

"I had sour stomach and gas," Mr. Higgins explains, "and often I would have bilious spells. I read about Thedford's Black-Draught and began to take it. It relieved me of this trouble. I keep it all the time now. I consider it a fine medicine. I take a pinch of Black-Draught after meals when I need it. It helps to prevent sick headache and to keep the system in good order."

Now you can get Black-Draught in the form of a SYRUP, for CHILDREN.

"Aunt Emma Sees It Through"; Audience Applauds Students

The play "Aunt Emma Sees It Through," presented by a special cast from the Junior Class, pleased a large audience Friday evening at Yoe High school auditorium.

Nancy Newton, playing the part of Aunt Emma, had the cast support of two superb local artists, Miss Caroline Porter and Miss Kathryn Mode. Young men who completed this cast are Gus Evans, John S. Burns, Billy Gillis and John Martin.

The play was directed by Miss Louise Green and Miss Ethel Skelton. Hilliard Thomas was stage director.

Use This Laxative made from plants

THEDFORD'S BLACK-DRAUGHT is made from plants that come up from seeds and grow in the ground, like the garden vegetables you eat at every meal. NATURE has put into these plants an active medicine that stimulates the bowels to act — just as Nature put the materials that sustain your body into the vegetable foods you eat.

In Black-Draught you have a natural laxative, free from synthetic drugs. Its proper use does not make you have to depend on cathartic chemical drugs to get the bowels to act daily.

Find out by trying Black-Draught what a good medicine it is for constipation troubles. In 25¢ pkgs. (dry).

P.S. — For Children, get the new, pleasant tasting SYRUP of Thedford's Black-Draught. 25¢ & 50¢ bottle

Rain Undermines Rails and Wrecks Train

The photo above shows the wreck of the Quanah, Acme and Pacific train west of Paducah, Texas, caused by a four-inch rain that undermined the track. The engine quit the rails and rode cross-ties for 300 feet before it overturned, as shown in this splendid picture. The engineer and fireman stayed with the cab and were injured. Traffic was delayed 16 hours on the line. (Texas News Photos.)

GAUSE H. D. CLUB

The Gause Home Demonstration Club met at the home of Mrs. Roy Ward for a demonstration on canning and how to make the pantry attractive.

There were 14 members present and one visitor, Mrs. Roy Ward, Jr.

A talk on how we may improve our canned vegetables was given by Miss Strange.

It was decided to have a community party on Friday night May 11 on the school campus.

The next meeting will be held May 15 at the home of Mrs. Webb.

FRIDAY NIGHT BRIDGE

Mr. and Mrs. S. A. Cottle were hosts to the Friday night Bridge Club in the parlors of the Auditorium Hotel. The hostess chose pink roses for her decorations.

A lively tilt of games held interest for the evening, closing with Albert Collins making highest score.

A dainty plate was served with ice drink at the close of the games.
